A Guide For the Comforter

Those who attend Jewish funerals are often not familiar with Jewish traditions, practices and prayers. *Nishum Aveilim* provides guidance and insight, resulting in greater understanding, familiarity and awareness. This booklet answers the questions: What do you do? What should you expect? What do you say? How do you behave in a way that is appropriate and loving, while honoring and respecting Jewish tradition.

*Nishum Aveilim: A Guide for the Comforter* was written by Rabbi Stuart Kelman and Dan Fendel with Rabbi Jason Weiner. It is a collaboration of EKS Publishing, a publisher of Hebrew books in Berkeley, CA.; the Gamliel Institute, which is re-invigorating the knowledge and practice of chevra kadisha throughout the country; and Sinai Memorial Chapel Chevra Kadisha, the only not-for-profit funeral service and chevra kadisha in the United States which serves the entire Jewish community.

Would your funeral home or synagogue like to purchase copies in bulk to give to those attending funerals? Contact EKS Publishing for bulk purchasing with the imprint of your funeral home or synagogue on the front cover. For more information, email orders@ekspublishing.com or call 877-743-2739.

Welcome

Ma Nishtanah?

Why is this conference different from all other conferences?

In all other years, the major focus of our conferences was on taharah, shmirah, and cemetery management. Our plenaries, workshops and books focused on taharah and shmirah liturgy, bikkur cholim, comforting the mourners, and guiding the comforters. This conference puts renewed emphasis on a different aspect of nichum aveilim - conversations about the end of life that give comfort to the mourners. On Monday Rabbi Peretz Wolf-Prusan speaks about his personal experience with the new (June 2016) California End of Life Option Act. Our evening plenary with Dr. Jessica Zitter focuses on end-of-life decision making from a medical perspective. On Tuesday we’ll learn and share stories of grief and healing with Dr. Dawn Gross.

Participating in these conversations adds back an important aspect of the Chevrah Kadisha’s traditional mission to engage with our communities along the whole continuum of end of life. But it is not enough to respond; it is also important to proactively engage. Chevrah Kadisha groups have a unique opportunity to be part of the first cohort of the Conversation Project. Reverend Rosemary Lloyd’s plenary on Monday after lunch will acquaint you with the project and the follow-up workshop will be the start of implementation. Chevrah Kadisha groups that want to facilitate end-of-life discussion by congregants in your synagogue are encouraged to apply to participate in a year-long training program co-sponsored by Kavod v’Nichum and the Boston-based Conversation Project. Contact me to get involved or find out more. Ask me about Kavod Conversation!

— David Zinner, Conference Coordinator

From Kavod v’Nichum

On behalf of the Board of Kavod v’Nichum, I’d like to welcome you to our 15th North American Chevrah Kadisha and Jewish Cemetery Conference. I am truly excited about this year’s program; not only do the plenaries and seminars cover topics related to our traditional themes of death, funerals, burials, and cemeteries, but we face contemporary issues head on. This conference has something for everyone: end-of-life planning; voluntary end-of-life decisions; new and emerging taharah and shmirah thought and liturgy; facing cremation; and cemetery management, restoration, and responses to desecration.

To that exhaustive end, I extend the Board’s thanks to the many volunteers who spent countless hours developing the conference. The conference program committee met ten times starting back in November, giving rise to an amazing program. Thank you program committee members:

Susan Barnes  Dan Fendel  Rabbi Eva Sax-Bolder
Jean Berman  Malke Frank  Sally Shannon
Rabbi Joe Blair  Rabbi T’mimah Ickovits  Michael Slater
Rena Boroditsky  Rabbi Me’iriah Iliinsky  Cathy Steirn
Wendy Botwin  Rabbi Stuart Kelman  Kerry Swartz
Nancy Dotti  Rick Light  Vickie Weitzenhofer
Rabbi Aviavah Erlick  Isaac Pollak  Shelley Zak
Harley Felstein  Miriam Sadofsky  David Zinner

And thank you to the local volunteers who coordinated logistics, food, facilities, marketing and transportation – led by Susan Barnes:

Hagar Ben-Eliezar  Toni Golbus  Michelle Siegel
Vivian Cohen  Debbi Handler  Aviva Shane
Monique Epstein  Michael Kamler  Deanna Sumski
Dan Fendel  Rachel Mercer  Shelley Zak
Lani Gershik  Sally Shannon

Thanks also to the leadership and members of Congregation Rodef Sholom and the Osher Marin Jewish Community Center for allowing us to be here. Finally, thanks to you, conference attendees, for believing in our Mission and our work by taking the time to come and learn, network and socialize with us in San Rafael.

— Kerry Swartz, President of Kavod v’Nichum
From the Gamliel Institute

Our mission at Kavod v'Nichum remains constant: to reclaim the two mitzvot of kavod v'nichum and nichum aveilim. Eight years ago, at our conference, participants asked that we create a program of learning that would make it possible for people to actually about these mitzvot in an academic setting. Before this, the only way one could learn the work of the Chevra kadisha was by apprenticing. Through the brilliant conceptualization of David Zinner, and with the help of many people too numerous to name, and with the help of some major philanthropists and foundations (especially, the Covenant and Jewish Heritage Foundations), we set out to create such a program. This conference marks the second occasion when we can say shehechiyanu, because we celebrate our second class to complete all five academic and practical courses online. These individuals have studied with us, joined in conferences and special sessions, and all have written a paper or completed a project of significance that makes a contribution to our mission.

Joe, Rick, Rena, Dan, Edna, Kerry, and above all David, these are the names of the staff of the Gamliel Institute. Each of them has a “portfolio,” yet each of them has a distinct voice in the formation and operation and vision of our Institute. They embody the vision of the Institute - to reclaim the mitzvot of k'vod ha'meit and nichum aveilim. They give generously and graciously of their time and vision (which includes a weekly hour long meeting, teaching and planning and evaluating our offerings, a summer staff retreat, and much more). Over the course of the conference, please find them and ask them “Why do you do this?” Meet them, and thank them, for without them, the Gamliel Institute would not and could not exist. So, when someone says, when all is said and done, what kind of people do you hope will emerge from this grand effort? We can truly point to Joe, Rick, Rena, Dan, Edna, Kerry, and David, and respond: these are our role models.

Now, it is up to all of us to take our mission further by making sure that every community in North America (at least!) has access to a fully functioning chevrah kadisha that truly can say: we learned about kavod v'hamet and nichum aveilim and are fully making sure that these are being taught and practiced in our communities. And, to all of you who are reading this message, please consider this an invitation to join us in our mission.

— Rabbi Stuart Kelman, Dean of the Gamliel Institute

From Congregation Rodef Sholom

Welcome to Congregation Rodef Sholom and to Marin County. We are honored to be the home of the 15th Annual North American Chevra Kadisha and Jewish Cemetery Conference. Rodef Sholom is celebrating our 60th anniversary this year. For all of this time, one of the hallmark values of our synagogue has been the centrality of caring. Rodef Sholom is an extended family, a kehillah kedoshah whose members care for one another when we are sick, celebrate together our holy moments, and walk together through the path of mourning. Over the years, our Chevra Kadisha team has added incredible depth and holiness to our own community. Their work, your work, often invisible, has strengthened our community in profound and myriad ways. I am grateful for their commitment to the needs of our mourners and am awed by their devotion to this sacred mitzvah. They are truly invaluable partners with our clergy and indispensable to the end-of-life rituals for our members. I am truly grateful for their holy work and honored to engage with them and with all of you.

We at Rodef Sholom are looking forward to deepening our learning through the workshops and sessions over these next few days and are grateful for the opportunity to learn from the collective wisdom of this incredible conference and from each of you. Thank you again for the opportunity to host you, and we pray that your time here is inspiring, nourishing, and fulfilling. If there is anything we can do to make your time with us more comfortable, please let us know.

— Rabbi Stacy Friedman, Senior Rabbi at Congregation Rodef Sholom
About Kavod v’Nichum, Gamliel Institute, Ben Zakkai, and Kavod Conversation

Kavod v’Nichum (KvN, translated as Honor and Comfort), Judaism’s most comprehensive end-of-life education and training organization, was named one of North America’s top 50 innovative Jewish organizations in the ninth annual Slingshot Guide, A Resource Guide to Jewish Innovation, released on October 24, 2013. Selected from among hundreds of finalists reviewed by 83 professionals with expertise in grant-making and Jewish communal life, Kavod v’Nichum’s work is seen as “timely, unique and ubiquitous [in an] area of concern that is overlooked by most in our community.” Organizations selected were evaluated on their innovative approach, the impact of their work, leadership they have in their sector, and their effectiveness at achieving results.

Kavod v’Nichum began its work in November of 2000 as a North American educational non-profit. The name comes from the two basic purposes of the Chevrah Kadisha. Kavod v’Nichum is dedicated to the reclaiming the mitzvot of Kavod Ha-Met, honoring the dead, and Nichum Aveilim, consoling the bereaved. KvN advocates a return to an authentic and communal Jewish response toward illness, death, burial, and mourning, plus strengthening individual and community efforts to organize caring communities and Chevrah Kadisha groups. KvN strives for the protection of bereaved families from commercial exploitation around funeral and burial. KvN encourages traditional values and practices, and works with individuals and communities to adapt those traditions in new and meaningful ways.

KvN’s Ben Zakkai Project encourages and assists the organization of bereavement committees and Chevrah Kadisha groups in synagogues and communities so that they can perform Jewish funeral, burial, and mourning mitzvot; protect and shield bereaved families from exploitation; and provide information, education, and technical assistance. KvN’s educational activities support established and new Chevrei Kadisha and their members, collaborating with other organizations whose interests they share.

Kavod v’Nichum sponsors an annual international conference whose focus is on Chevrah Kadisha, Jewish cemeteries, and all aspects of Jewish death practices. These conferences have touched thousands of people. KvN also sponsors the Gamliel Institute, a well-respected institute of higher learning dedicated to education related to Jewish death, dying, burial, and mourning. The Institute is a world-class academic institution dedicated to educating and training leaders in the creation of a holistic end-of-life care continuum for their local communities. The goal is to deepen future leaders’ Jewish knowledge and to help them experience the emotional, transformative, and spiritual aspects of Chevrah Kadisha work. The six on-line twelve-week courses present a groundbreaking opportunity for study and learning. More details about Gamliel can be found on-line at the KvN website listed below.

Our newest project, Kavod Conversation, provides resources and assistance for Chevrah Kadisha groups to begin end-of-life conversations with synagogue members.

KvN’s website (www.jewish-funerals.org) has hundreds of pages of information on Jewish funerals, burial and mourning. Follow us through our printed publications for purchase at the conference, and online as follows:

The Gamliel Institute offers a Chevrah Kadisha Certificate Program that covers life’s spectrum of illness, comfort, death, funerals, burial, and mourning in five courses, with a sixth course available for integrating it all together:

Course 1: Chevrah Kadisha: Origins and Evolution
The institution of Chevrah Kadisha has its origins in Biblical and other traditional texts. This course traces the evolution of Chevrah Kadisha practice and the chevrah’s role in the community from early times, through the standard of practice in Medieval Europe, and into the changes that took place in the transition to the Western Hemisphere and modern times.

Course 2: Chevrah Kadisha: Taharah and Shmirah
The central elements of Chevrah Kadisha practice include the rituals of taharah — preparation of the body for burial — and shmirah—the watching of the body between death and burial. This course addresses a wide range of issues, including liturgy, training, safety, and complications.

Course 3: Chevrah Kadisha: Education, Organizing, and Training
Creating and maintaining a Chevrah Kadisha involves leadership, communal education, and training, including issues with funeral homes and funerals, cemeteries and burials. Students will need to complete individual projects as part of this course.

Course 4: Chevrah Kadisha: Nechamah
The mitzvah of nechamah — comfort — both comfort for the ill (bikur cholim) and comfort for the grieving (nichum aveilim) — is a vital part of Chevrah Kadisha work. This course looks at the skills involved in this work, and includes areas such as listening techniques, the concept of an ethical will, and principles involving remembrance.

Course 5: Chevrah Kadisha: Liturgy and Ritual Practice
Our tradition has a broad and rich liturgy and practice around end-of-life issues. This course examines the liturgy and related practice in detail, focusing on funeral and burial practice, traditional sources, variations in practice, and the role of the rabbi.

Course 6: Chevrah Kadisha: International Perspectives
Jewish end-of-life practice has changed not only over time, but also from place to place. This course examines variation in practices around the world, centered around a two-to-three-week study mission to New York, Prague, and Israel.

Gamliel Day of Learning
The Gamliel Institute offers an opportunity for intense learning through three dedicated sessions after the end of the conference. These are open to all current, past, and prospective Gamliel students at a nominal fee. Prospective students require permission from the Dean to participate.

For this year’s agenda, see page 26.
Taste of Gamliel

Kavod v’Nichum and the Gamliel Institute sponsor an annual *Taste of Gamliel* webinar series. This series gives participants a taste of the Gamliel Institute’s online series of six 12-week courses, which deal with the various aspects of Jewish ritual around sickness, death, funerals, burial, and mourning. The “Taste” program usually runs monthly, from January through June. A different scholar presents each session, and the sessions are independent of each other. The program is free, with a suggested minimum donation of $36 for the full program. The sessions are online, 60-90 minutes, usually on Sunday evenings, beginning at 8pm eastern, 5pm western. You can learn from the comfort of your home or office, using Zoom, a particularly friendly tool. The teachers and topics are chosen for their pertinence, inspiration, and depth. Previous presenters have included Dr. Richard Address, Rabbi Elliot Dorff, Rabbi Dayle Friedman, Rabbi Steven Moss, Rabbi Sara Paasche-Orlow, and Rabbi Elie Spitz.

The link to register for this year is: [http://jewish-funerals.givezooks.com/events/taste-of-gamliel-2017](http://jewish-funerals.givezooks.com/events/taste-of-gamliel-2017) (There is one session left for 2017, on June 25, and sessions are recorded, so you can view the ones you missed.) Watch for the 2018 schedule!

Gamliel Institute Graduate and Advanced Student Programs

Gamliel students who have successfully completed the Certificate Program are welcome to participate in *Graduate Classes*, which are offered twice yearly; three weeks in the Fall and three weeks in the Spring. Our intent is to provide students with ongoing opportunities to engage with selected material in more detail and more depth. Our initial series will focus on text study, and begin this Fall. More information will be here as of July 1st: [http://gamliel.institute/graduate-classes](http://gamliel.institute/graduate-classes)

All current, past, and prospective Gamliel students are welcome to attend Gamliel Cafe. One evening a month we get together for a short teaching or presentation, followed by shmooze time – discussion of the topic of the evening, sharing our current projects, ideas, and challenges as we take our chevrab work into our communities and beyond, along with new topics. Gamliel Cafe is a great opportunity for some relaxed conversation and connecting. It occurs on the third Wednesday evening of each month (but not in June due to the conference, and not in September due to high holidays). For more information see page 25.
Conference Session Descriptions

Sunday

Sunday 1:15pm – 2:30pm, Plenary: The State of the Chevrah Kadisha Movement, Susan Barnes, Rena Boroditsky, Harley Felstein, Rabbi Me’irah Iliinsky, Colin Joseph, Rabbi Stuart Kelman, Kerry Swartz, Kelly Sweet, Bette Webne, David Zinner
(Sanctuary)

A roundup of what’s going on in the Chevrah Kadisha world, locally, regionally, nationally, and internationally.

Sunday 2:45pm – 3:45pm, Beyond Gender Separation in Taharah: Expanding the Limits of Taharah, Rabbi Avivah Erlick, Lynn Greenhough
(Sanctuary)

Who should wash a given decedent? To attain the essential goal of honor and respect for the meit, we have long assumed we knew how to assign our teams, based on a match between the gender of the decedent and those of the ritual participants. But times are changing. There are people in the Jewish population today who do not limit themselves to the gender assigned them at birth; they may have changed their gender, or come to consider themselves both or neither, beyond the limits of a single social gender construct. At the same time, concepts of modesty have shifted. Excluding people from a ritual based on their gender may not be the most respectful way to show them, or the meit, kindness. As Chevrei members, how do we move beyond a mechitzah, in both constituting our teams and deciding on how to attend our meitim? We will be looking at some possible approaches, found in our Jewish tradition, to help us as we make decisions regarding gender non-conformity.

Sunday 2:45pm – 3:45pm, New Technology Helping Cemeteries Handle Data Records, Lori Salberg
(Gallery)

The way we do business today is much different than it was even 10 years ago. In 2016, surveys reported that shoppers made 51% of their purchases online. With the type of technology on the market today, cemeteries need to be vigilant about protection from risk of error. Because technology provides more protection of data and process these days, consumers are less forgiving of poor record keeping or administration. You must mitigate any risk of human error by looking at implementing technologies that will protect and streamline your processes.

Sunday 4:00pm – 5:00pm, The New Conservative Movement Teshuva On Transgender, Rabbi Stuart Kelman
(Sanctuary)

“Transgender Jews and Halacha - A New Conservative Teshuva” written by Rabbi Leonard Sharzer and accepted by the Committee on Law and Standards, deals with this very “hot” topic. We will discuss the teshuva specifically as it relates to our work as a Chevrah Kadisha.

Sunday 4:00pm – 5:00pm, Taharah: The Emotions We Experience and How We Process Them, David Zinner
/Library

At the conference last year in Lexington, Bella Rosner put together a paper and led a workshop called, “Hevra Communication: How do we share information about managing difficult taharot? Selected Strategies and Experiences.” This workshop generated some intense emotional responses. Here is one excerpt that captures the feeling:

There are levels of grief/shock/sadness that come up. This experience does stay with us, and impacts our lives from one taharah to the next. Yet each time the call comes with an opportunity to do this mitzvah, I take a deep breath, move past my fear or uncertainty, and say “yes”.” Because in spite of the challenges that I have experienced, in doing this work, I feel renewed each time I let the unconditional love flow through me as I follow the ritual steps, and bring honor to the vessel and to the soul of the meitah.

What is the emotional impact of participating in taharah? How do our experiences influence our lives and the lives of others? We can share our stories. The bigger question is how do we address the emotions. What we carry within us impacts our life and the lives of others from one taharah to the next.
Sunday 4:00pm – 5:00pm, Mapping the Journey of the Soul and the Mourner, Rabbi Me’irah Iliinsky (Lounge)

Rabbi Me’irah Iliinsky has worked as a rabbi, a hospice chaplain and a clinical social worker. Using a combination of these experiences, as well as simply being a human, she has made a map of not only what one might experience as a mourner, but also of the corresponding whereabouts of the soul of the deceased. These are depicted within the Jewish divisions of time during the first year of mourning. She will comment on the details of her four-panel painting using a slide presentation. (It’s all pictures!) Plenty of time will be given for sharing and Q & A.

Sunday 4:00pm – 5:00pm, Expansion of A Small Community Cemetery - A Case Study, Steve Matles (Gallery)

A Comstock Era cemetery was faced with a decision to either expand at its current location or serve a growing community with a new location.

Sunday 5:00pm – 5:30pm, Integration and Networking Time

This is scheduled time for everyone to take a breath. These conferences can be overwhelming, intense, exciting, inspiring, and tiring, all at once. This scheduled time is an opportunity for reflection, meditation, small group discussions, short walks, or personal time to integrate all of the information, networking, and interactions inherent in this event. Enjoy this time and use it wisely.

Sunday 6:30pm – 8:30pm, Evening Program: Honoring Rabbi Stuart Kelman, Various Participants (Sanctuary)

This will be a learning evening, with appreciation, in honor of the former Chair of the Kavod v’Nichum Board, and the founder and current Dean of the Gamliel Institute, Rabbi Stuart Kelman. See page 11 for the evening’s program.

Sunday 8:30pm – 10:00pm, Dessert and Social Hour / Networking Time (Social Hall and Courtyard)

Greet, meet, and eat! Enjoy the evening together.
Sunday Evening Program: Honoring Rabbi Stuart Kelman

Rabbi Stuart Kelman has had a distinguished career in Jewish education. Tonight we recognize and appreciate his impact in reclaiming the Jewish end-of-life *mitzvot*, including *taharah* and *shmirah*, and in bringing the centrality of the *Chevrah Kadisha* back into Jewish life.

For the Kavod v’Nichum board, for the Gamliel Institute staff, for our teachers, and their students, and the students of our students, we are inspired by Rabbi Kelman’s wisdom and guidance. For those who study Torah, here and everywhere, may they be blessed with all they need, and let us say, Amen. [Adapted from Debbie Friedman’s *Kaddish De Rabbanan*]

Monday

Monday 8:30am – 9:30am, Plenary: Threading the Needle and the End of Life Option Act, Rabbi Peretz Wolf-Prusan (Sanctuary)

When Rabbi [Judah] was dying, the [other] rabbis declared a public fast and offered prayers that God have mercy on him [i.e., spare his life] …. [His] maid went up to the roof and prayed: “The angels want Rabbi [to join them in heaven] and the people want him to remain with them. May it be the will of God that the people overpower the angels.” However, when she saw how often he had to use the bathroom, each time painfully taking off his tefillin and putting them on again [for it was the custom at that time to wear tefillin throughout the day], she prayed: “May it be the will of God that the angels overpower the people.” As the rabbis continued to pray, she took a jar and threw it off the roof. They stopped praying [because they were startled by the noise], and the soul of Rabbi [Judah] departed. (Ketubot 104a)

My story has nothing to do with that.

Monday 9:45am – 11:15am, Jack Riemer Drashot, Rabbi Joe Blair (Courtyard)

This will be a wide-ranging facilitated discussion of various topical ideas and issues. Using Rabbi Riemer's drashot as starting points, participants will engage in conversations with each other on topics that span many of the aspects of the Jewish end-of-life continuum, and touch on the work of caregivers, the Chevrah Kadisha, funeral professionals, comforters, and those who operate cemeteries, as well as the emotions and thoughts that often arise in the course of these roles.

Monday 9:45am – 11:15am, Infection Control in Taharah, Dan Doernberg, Dr. Michael Slater (Sanctuary)

The traditional taharah liturgy includes a prayerful hope that “those who do a mitzvah will come to no harm as a result.” That said, we know the actual work of taharah includes some definable risks. Over the last decade, Kavod v’Nichum has shepherded discussions among Chevrah Kadisha volunteers and occupational health and infection control specialists. Out of these discussions, we delineated areas of risk to chevrah volunteers. Most recently, a committee of the Charlottesville, VA Chevrah Kadisha crafted a first-of-its-kind taharah safety manual. We will review the content and development of this groundbreaking work, and address issues of concern to conference attendees. Taharah safety manuals will be available for purchase at the conference, and will be sold online going forward.

Monday 9:45am – 11:15am, Basic Taharah Demonstration, Susan Barnes with Members of the Local Chevrah Kadisha (Social Hall)

This session will be a traditional taharah training demonstration presented “live” by experienced local Chevrah Kadisha members, showing how a team of chevrah members usually prepares a Jewish deceased for burial. The team will follow the procedures generally accepted by many of the taharah manuals available today. This will be a simulated performance of the taharah that does not include any actual pouring of water, and uses a simulated deceased human body. This session will be immediately followed by a second session specifically designed to discuss questions and answers related to taharah. (See https://tinyurl.com/y8yo5gqf for a PowerPoint presentation useful in teaching taharah.)

Monday 9:45am – 11:15am, Rehearsing Your Own Death, Nancy Dotti, Rabbi Eva Sax Bolder (Library)

This session is a workshop in "Releasing the soul, an experiential exercise in living your own taharah." Can we imagine what our last breath feels like? How might we experience a taharah as the meit/meita? Who might be waiting for us on the other side? Is it like you imagined it to be? Following a guided meditation, we will have the opportunity to express our experience through drawing and/or writing. We will then share in chevruta (partners) before debriefing in a group setting, and conclude with ways we can offer an experiential exercise in our respective chevrot at home.
Monday 9:45am – 11:15am, British Perspective On Identifying And Restoring Cemetery Sites, and Jewish Green Burial in the UK, Colin Joseph

Two topics discussed for 45 minutes each including Q & A: (1) The derelict, disused and closed Jewish cemeteries of the UK and their ongoing restoration programs; and (2) The creation of the first Jewish green burial site in the UK, which also incorporates a separate mixed faith area for burials.

Monday 11:30am – 12:30pm, Being There When it Happens: The Deathbed Confession- "Vidui al ha-mitah" in the Jewish Tradition, Rabbi Stacy Friedman

Woody Allen famously quipped, “I’m not afraid to die, I just don’t want to be there when it happens.” The ancient and mystical Jewish tradition of "vidui al ha-mitah", the deathbed confession, enables the mourners, in addition to the dying person, the opportunity to truly “be there when it happens.” Through a series of prayers, blessings, and deeds, this sacred ritual guides us toward acceptance in death. From "teshuvah to tikkun", we will explore the history, hidden meanings, and possibilities intrinsic in this profoundly moving ritual.

Monday 11:30am – 12:30pm, Expanding the Limits of Taharah: Modern Times, Inclusive Answers, Rabbi Avivah Erlick, Holly Blue Hawkins

We do everything we can to accompany each neshamah with honor, striving to provide taharah ceremonies that are, to the greatest extent possible, by the book. But what do we do when this is just not an option? Sometimes a family wants taharah prior to cremation. The decedent may not have identified with either gender. Families may ask to participate, and to personalize the ritual with the meit’s own garments and mementos. They may even want to hold the ritual in their own home or backyard. Tackling these sorts of modern situations is the mission of a new kind of Chevra Kadisha: creative taharah providers. While they do provide by-the-book taharah when it fits the circumstances, they are also open to providing greater flexibility, so that no one who wants a taharah is turned away for ritual reasons. The speakers will talk about how they find ways to use the rules and customs of taharah as a framework and springboard for impassioned, customized ritual.

Monday 11:30am – 12:30pm, Taharah Question and Answer, Susan Barnes, Rena Boroditsky, Rick Light

This is a continuation of and follow-up to the taharah demonstration in the previous session. In this session attendees will be able to ask about and discuss questions and concerns related to all aspects of the performance of taharah.

Monday 11:30am – 12:30pm, Community Building in Life After Loss, Dr. Patrick Arbore, Samantha Feld, Dara Kosberg

The Dinner Party is an international community of thousands of people in their 20s and 30s who have experienced loss, who now gather in over 130 cities for potluck-style dinner parties to break bread and support one another in living well after loss. Over the past several years, we've learned a thing or two about how to get millennials who've experienced loss to the table by creating spaces for young adults to be young adults and building genuine community. In this talk, we will provide resources and tools to help you better support young people in more traditional grief support settings. We'll also share the cultural trends that are bringing people to the table, and break through the obstacles that often interfere with successfully building more supportive, inclusive communities.
Monday 11:30am – 12:30pm, Creating Returns On Your Perpetual Care Investments, Charlie Meyers
(Sanctuary)
Where do cemeteries invest their money safely, but also get a reasonable return?

Monday 1:30pm – 2:30pm, Plenary: Conversation Project – Discussing End of Life Wishes in Your Congregation, Rev Rosemary Lloyd
(Sanctuary)
How we die is part of our legacy to our loved ones and our communities. Most Americans express the hope that as they near the end of their lives, they will not be a burden for their families and friends. Yet, if we avoid having values-centered conversations about our unique hopes and wishes for care through the end of life, we may be leaving family members in the dark. This omission may result in strife at the bedside and cause lasting damage in the relationships between the people we love the most. The Conversation Project’s goal is to have everyone’s wishes for care through the end of life expressed and respected. By the end of the workshop, you will understand the importance of having the conversation from personal, professional and system perspectives. You will be able to identify the barriers to having end-of-life care conversations and the strategies to promote action. This workshop will introduce participants to The Conversation Starter Kit. Through guided reflection and small group sharing, the Starter Kit will support and motivate you to have a values-based, relationship-building personal and professional conversation about an experience that touches us all.

Monday 2:45pm – 4:15pm, Renewing Sacred Circuits: Cultivating the Divine Feminine, Rabbi T’mimah Ickovits
(Social Hall)
Do you practice tabarab? Do you organize or officiate funerals? Come and learn about bakafot, or “circuits” in English; a little known, powerful traditional practice, and a skillful means for kavod ha-net, honoring the dead. They are part of the ritual in the classical text on end of life, the Sefer Maavor Yabbok. Most Jews can recall circuits as an ongoing part of ritual. Many have witnessed circling beneath a huppah, the wedding canopy, in a sukkah, a parade of Jews holding fragrant lulavim and etrogim, or on Simhat Torah, where a community might be joyfully dancing in circuits with Torah. It is meaningful, then, at life’s end to complete with a final set of circuits. We will explore the meaning and structure of seven circuits, engage with sacred text from Sefer Maavor Yabbok to accompany the bakafot, and complete this session by rehearsing the practice together in Hebrew and English.

Monday 2:45pm – 4:15pm, Death, Stories, and Transformation, Rick Light
(Lounge)
This talk is an introduction to the power of stories and how they can transport us, transform us, teach us, and help us heal. In his award-winning book, Jewish Rites of Death, Stories of Beauty and Transformation, the author helps us understand what it is like to enter into the liminal space between this world and the next, as we experience personal stories and survey what it feels like to do Chevrah Kadisha work. In this talk we will explore the extraordinary experience of entering into the holy space between worlds as we learn about the actions, the prayers, and the kavanah involved in Jewish death rituals. These stories help us understand the feelings, what it feels like to do this holy work and how it changes people’s lives.

Monday 2:45pm – 4:15pm, Implementing the Conversation Project, Rev Rosemary Lloyd, David Zinner
(Sanctuary)
If you share The Conversation Project’s passion that everyone’s wishes for end-of-life care should be expressed and respected, you may be wondering how you can start using their free materials in interactions with your synagogue members, rabbis, staff, and loved ones to increase the number of conversations about wishes for EOL care. In this focus group, Rosemary Lloyd, Advisor to Faith Communities, will share examples from faith communities and the health care field on how to use The Conversation Project’s free Starter Kit Guides to engage in meaningful conversations about What Matters Most (not just What’s the Matter). She will review the Institute for Healthcare Improvement’s 5 Conversation Ready Principles that can guide and inform integrating EOL conversation into the life and work of a community. She will illustrate practical ways that you can organize, educate, and support your communities to engage in crucial and relationship-strengthening conversations about EOL care wishes so that those wishes can be respected. There will be ample time for questions, addressing FAQs, and brainstorming about taking the first step when you return from the conference.
Monday 2:45pm – 4:15pm, Site Utilization and Historic Cemetery Restoration, Shirley Barnett, Bill Pechet (Gallery)

The first part of this two-part presentation (Barnett) will discuss the process of revitalizing Vancouver's original Jewish Cemetery, which was first established in 1892. The session will provide insights into the organizational, funding, and physical components of the project, which was completed in 2015. The talk will provide tips on how other communities may achieve this kind of process and how various stakeholders can be brought into the experience. The second part of the presentation (Pechet) will illustrate a number of other cemetery and memorial projects from the Vancouver-based design firm. The slides will illuminate how each project presents unique opportunities to address site utilization to support ritualistic and community needs.

Monday 4:30pm – 5:30pm, Taharah Liturgy Text Study, Dan Fendel, Rabbi Stuart Kelman (Sanctuary)

As a taharah team goes through the steps of preparation of the body for burial, they recite a complex liturgy. This session will explore how this liturgy reflects the interactions among the various participants – especially, the meit(ah), the team, and the Holy One – and how it achieves the goals of the ritual.

Monday 4:30pm – 5:30pm, Navigating the Liminal Place – a play, Rabbi Me’irah Iliinsky (Lounge)

As a Gamliel graduate, I have to say that learning the meaning of the taharah liturgy was my favorite course. Rabbi Stu Kelman speaks of the different “voices in the room.” Inspired by that phrase, I wrote a play, with the audience being the actors of those various voices. The text of the play is the taharah liturgy itself. If you learn best by doing, come participate in this play with its very many colorful actors, and take up your role as one of the archetypes in our ancient tradition. Experience the profundity of what is we do when we perform the taharah ritual (or when it will be performed upon us!).

Monday 4:30pm – 5:30pm, Jewish Reincarnation: Fact or Fiction, Rabbi Menachem Landa (Library)

Must every soul that does not fulfill all the commandments continue to be reincarnated until 613 Mitzvot are completed? How does this relate to the concept of purification? Is there a connection to the purification that we do when we do a taharah?

Monday 4:30pm – 5:30pm, Cemetery Vandalism, Insurance, and Continuity, Harley Felstein (Gallery)

Jewish REACH works with communities throughout North America to identify cemetery sites that have been abandoned or are in disrepair, and helps with proper maintenance, review of administration, succession, by-laws, and financial preparation and halakhic issues. Jewish Reach raises awareness of the importance and value of cemeteries in Jewish tradition.

Monday 5:30pm – 6:00pm, Integration Time

This is scheduled time for everyone to take a breath. These conferences can be overwhelming, intense, exciting, inspiring, and tiring, all at once. This scheduled time is an opportunity for reflection, meditation, small group discussions, short walks, or personal time to integrate all of the information, networking, and interactions inherent in this event. Enjoy this time and use it wisely.

Monday 7:00pm – 8:30pm, Evening Plenary: A New Kind of Heroism, Dr. Jessica Zitter (Sanctuary)

As a pulmonary and critical care physician at Highland Hospital in Oakland, California, Dr. Zitter has had a front row seat to the public health crisis that touches all of us: people dying badly. Every day, far too many people are dying in unnecessary distress and suffering. Without knowing our options, we become subject to what she calls the “end-of-life conveyor belt,” in which mechanization and protocol override personal preference and collaborative decision-making. Without intervention, this will be our path to the end of life, too. Dr. Zitter exposes the public health crisis from an insider’s perspective, taking us on the journey of her lifelong love affair with medicine, sharing the stories of the truly heroic people who helped transform the meaning of saving a life, right up until the very end. She challenges and invites us, as patients, physicians, families, and healthcare professionals, to take a step back, a deep breath, and ask: what do we really want for ourselves, our loved ones, and those entrusted to our care when death comes?
Monday 8:30pm – 9:45pm, Evening Program: Follow-on Discussion and Book Signing, Dr. Jessica Zitter (Social Hall)

This will be a continuation of the above session. It will continue the question and answer period and give the opportunity to purchase signed books and chat with Dr. Zitter personally.

Monday 8:45pm – 9:45pm, Evening Program: Musical Program, Cantors from Rodef Sholom: Cantor David Margules, Rabbi-Cantor Elana Rosen-Brown (Sanctuary)

Join Cantor David and Rabbi-Cantor Elana for a musical journey through the power of healing within community. We will touch on liturgical songs of healing and peace, and rejoice in songs and prayers of celebration.

Monday 9:45pm – 10:30pm, Integration and Networking Time

Greet, meet, and eat! Enjoy the evening together.
Tuesday

Tuesday 8:30am – 9:30am, Plenary Panel: Navigating Cremation's Impact – Practical and Theoretical – Trends, Environment, Cemetery, Taharah, Halachic, Harley Felstein, Howard Jampolsky, Rabbi Michael Lezak (Sanctuary)

Jewish cemeteries and Chevrah Kadisha groups are both faced with the challenge of dealing with cremation. Should we do taharah for someone who is going to be cremated? Should we bury cremains in a Jewish cemetery? Why are these questions important? What are the sources we rely on? How do we educate our community?

Tuesday 9:45am – 10:45am, Meit or Niftar: The Power of Language, Rabbi Stuart Kelman (Social Hall)

A Conversation: Two Words, Two Philosophies. We have been using the word *meit* in most of our literature to describe someone who has died. But another term, *niftar* is equally in use, particularly in Israel. This session is a conversation, not a lecture, about the use of these terms. Perhaps we need to change the way we talk about a deceased individual?

Tuesday 9:45am – 10:45am, Reactions to Death Education Using Animation, Jeremy Shuback (Lounge)

What does it take to get over a 100,000 people to watch videos on Jewish mourning rituals? Jeremy Shuback directed a series on the subject two years ago, and has seen an incredible reaction since. After screening these videos, there will be a discussion on what went into making them, what the reaction has been, and what videos could be helpful to make in the future around mourning.

Tuesday 9:45am – 10:45am, Deepen Your Experience of Shmirah, Ruth Minka, Cathy Steirn (Library)

The traditional practice of *shmirah* entails sitting with the deceased to ensure that, from the time of death to burial, the person is not alone. In ancient times, it was necessary to protect the body of a loved one from animals or other depredations. The tradition remains, but what does sitting *shmirah* mean in modern times? This interactive workshop takes a deep dive into the many ways to understand the practice of *shmirah* and the diverse approaches modern Jewish communities take to caring for our loved ones after death.

Tuesday 9:45am – 10:45am, Stories, Grief, and Healing: What Matters Most, Jean Berman, Dr. Dawn Gross (Sanctuary)

How do we assist people in knowing their heart’s desire at the end of life? If someone had a magic wand and could grant you one wish, what would that be? Be touched and inspired by these stories.

Tuesday 11:00am – noon, Spiritual Powers of Kaddish, Rabbi Sara Leya Schley (Library)

Our text study will begin with exploring the Scriptural underpinnings of the *Kaddish* text. Next, we will look at Rabbinic sources which attribute spiritual and mystical qualities to the act of saying these words out loud. We will look at the origins in midrash of saying *Kaddish* for the benefit of the soul of the departed, and examine the differences among the various liturgical forms of *Kaddish*.

Tuesday 11:00am – noon, Our Tables as Tickets to Olam HaBa, Beth Huppin (Lounge)

There is a little known tradition of making people’s coffins from the tables where they fed the poor, studied Torah, or worked faithfully at their trade. Come on a textual and spiritual journey from a mussar text and the *Kitzur Shulchan Aruch* to Isaiah and finally, to the Zohar. You’ll never see your own table in the same way again.

Tuesday 11:00am – noon, Community Education: The Good, The Bad, and The Ugly, Edna Stewart (Social Hall)

When "DEATH" is in the title of an educational offering, people usually run in the opposite direction. It doesn’t have to be that way. Let’s look at a program that ran for two years and was centered around Jewish rituals for illness, dying, and burial. What worked? What did not work? How can you do it in your community?
Tuesday 11:00am – noon, Understanding the 23rd Psalm, Rabbi Dr. Raphael Goldstein
(Sanctuary)
Understanding the 23rd Psalm based on Rabbi Goldstein’s doctoral project, Psalms and the Key of Healing. Why do we say this Psalm at every funeral even though it is not about grief?

30 DAYS, A JOURNEY OF LOVE, LOSS AND HEALING

Nearly a year after the death of his in-laws, Craig Taubman understood the sustaining power of the Jewish mourning rituals to embrace loss and grief. Based on the ritual of Shloshim, Craig created 30 Days, a Journey of Love, Loss and Healing, a unique package of thirty cards, each with a moving introspection from a poet, faith leader, artist, healer or author, to help people on their journey toward hope and healing.

Available FREE in the conference bookstore, donations are accepted and encouraged.

Sunday morning June 18: 9:30am – noon
Gan Yarok Pre-Conference Cemetery Tour

Gan Yarok (“Green Garden”) is part of Fernwood Cemetery, in the Golden Gate National Recreation Area and just a few exits down Highway 101 from the conference site. Consecrated in 2010, Gan Yarok is the first Jewish and Green Cemetery in America. This beautiful cemetery has three sections: Orthodox, Conservative, and Community making it possible for the entire Jewish community to be buried together in one location. Transportation to Gan Yarok will leave from in front of Rodef Sholom and return in time for the conference start. During our visit, led by Rabbi Stuart Kelman, one of the founders of the cemetery, we’ll learn about the creation of the cemetery and its dedication, the rules for each of its parts, view the magnificent chapel, and learn how even kohanim can be present at the funeral!

Sunday afternoon June 18: 2:00pm – 5:00pm
Starting & Managing a Community Funeral Home- sponsored and led by Sinai Memorial Chapel

Sinai Memorial Chapel Chevra Kadisha, founded in 1902, is the only religious, community-owned, not-for-profit, Chevrah Kadisha, funeral home, and cemetery combination in the nation that serves the entire spectrum of its Jewish community.

Transportation provided to travel to Sinai Memorial Chapel's main office in San Francisco and back to the conference site. On the way, Sinai Board President, Michael Rubenstein, and Executive Director Sam Salkin, will begin briefing participants about Sinai's history. At Sinai’s office participants will tour the building, meet lay leadership and staff, and participate in a focused intensive exploration of what a community needs to consider to move from a Chevrah Kadisha to a community-owned funeral home. Discussion on the bus ride back will focus on facilitating next steps and planning for continuing conversation and assistance.

Tuesday afternoon June 20: 1:00pm – 4:15pm
Gan Shalom Post Conference Cemetery Tour - sponsored and led by Sinai Memorial Chapel and Gan Shalom Cemetery lay leadership and staff

A bus will pick up attendees (with their box lunch) from the conference site, load their luggage, and transport them to Gan Shalom Cemetery in Briones, a trip of about 45 minutes. Sam Salkin, Sinai Memorial Executive Director, will brief participants on the bus about Sinai's and the Cemetery's history. At the cemetery, participants will tour the cemetery as they hear from the cemetery lay leaders and staff, including Daniel Villa, General Manager, and Jay A. Lewis, Managing Funeral Director, about the challenge of starting a new cemetery, including zoning, land use, community relations, marketing, finances, halacha, minhagim, and many other issues around starting and operating a Jewish Cemetery.

Gan Shalom Cemetery is an all-Jewish, not-for-profit, cemetery in the East Bay, consecrated in 2008, welcoming all members of the Jewish community, including members of interfaith families and those who are unaffiliated. It is nestled on 82 acres among the regional parklands and ranches surrounding the Briones area. In addition to burial gardens for the community at large, the cemetery has separate gardens for members of local Jewish congregations, as well as for people who identify with specific branches of Judaism. The cemetery is located at 1100 Bear Creek Rd., Briones, CA 94553. After the tour, the bus will bring participants to the Lafayette BART station at about 4:15. If you are flying home, you can train to either the Oakland airport (30 minutes) or the San Francisco airport (about 60 minutes) and be able to connect with flights that leave after 7:30 pm.

Gamliel Institute’s Course 2:
Chevrah Kadisha: Taharah & Shmirah

REGISTER NOW!

12 sessions:
Tuesdays, starting September 5th, 8-9:30 pm EST (5-6:30 pm PST)

This course is an in-depth study of the work of the Chevrah Kadisha in the activities and mitzvot of guarding the body of the deceased (shmirah) and of ritually preparing the body for burial (taharah). This is very much a "how-to" course as well as an examination of the liturgy and of the unusual situations that can arise. The course also looks at the impact of the work on the community and on the members of the Chevrah Kadisha, and provides an ongoing review of best practices. Studies include: spiritual transformative power; personal testimony; meaning and purpose; face of God; tahor and tamei; tachrichim; history; manuals and tefilot; training; impediments; safety; and complications.

Jewish Rites of Death:
Stories of Beauty and Transformation

Winner 2016 Nautilus Book Award

Personal stories about what it feels like to do the holy work of taking care of the dead: what it feels like to enter into the liminal space between death and life to midwife a soul between worlds.

With unflinching courage and openhearted tenderness, Rick Light faces Death, revealing its power to open us to the preciousness of Life. Jewish Rites of Death achieves the rare integration of practicality and poetry.

— Rabbi Shefa Gold, author of The Magic of Hebrew Chant: Healing the Spirit, Transforming the Mind, Deepening Love

I don’t usually say this about any book, but I believe that the vitality and the authenticity and the future of Jewish life in America can be measured by how many people read this literally awesome book and learn to see both life and death in a whole new perspective as a result.

— From the Foreword by Rabbi Jack Riemer, Editor of Jewish Reflections on Death and Jewish Insights on Death and Mourning

Come on a journey through a Zohar text that describes, in detail, the work of the Kohen Gadol on Yom Kippur and enter with him into the Holy of Holies. Experience with him every aspect of this unique day, and in the process, understand the depth of the sacred nature of your Chevrah Kaddisha work. We will also get a taste of what the mystics understood when they spoke of Olam Haba.

She currently is the director of Project Kavod, the Jewish educational program at Jewish Family Service of Seattle. She is a recipient of a 2010 Covenant award for excellence in Jewish education.
